Mission Statement

All individuals deserve to receive timely, compassionate care, regardless of their social standing. Through the act of service as a nurse, I intend to serve the San Diego community, enhancing the health of patients I am privileged to care with dignity. As a new nursing RN graduating in December of 2020, I will remain committed to learning from my preceptors and colleagues, follow the rules and procedures, teamwork, and inspire others through teaching life-saving skills.

Work Experience

AMERICAN HEART ASSOCIATION INSTRUCTOR & SITE COORDINATOR

CPR Square / Armstrong Professionals, San Diego, CA April of 2001 to Present

- Have trained more than 10000 health care provides to perform BLS, ACLS, PALS skills following the AHA guidelines.
- Have worked with medical professionals for close to twenty years educating them on life saving skills to deal with patients in moderate to critical trauma.
- Have trained more than 200 instructors to train members of community, work-sites, and healthcare providers throughout Southern California.
